SUMMARY OF EXAMINER INTERVIEW

This paper responds to the Interview Summary mailed March 12, 2010, with a summary of the substance of the interview with Examiner Thomas on March 10, 2010.

Remarks begin on page 2 of this paper.

Applicants would like to thank Examiner Thomas for meeting with their representatives on March 10, 2010. As stated in the Examiner's Interview Summary mailed on March 12, 2010, during the interview Applicants' representatives and the Examiner discussed potential claim amendments and approaches to overcome the claim rejections were discussed. In particular, Applicants discussed amending the claims to delete the word "essentially" and pursuing other alternatives to the current claim language in a continuation application. In addition, the Examiner agreed to carefully consider whether the exemplification of D1MT efficacy for two very different cancer types was sufficient to enable the full scope of the claims.

In view of the foregoing, Applicant respectfully submits that no further impediments exist to the allowance of this application and, therefore, requests an indication of allowability. However, the Examiner is requested to call the undersigned if any questions or comments arise.

Applicants believe that no fee is due with this paper, but if any fee is due, the Director is hereby authorized to charge any appropriate fees under 37 C.F.R. §§1.16, 1.17, and 1.21, and to credit any overpayment, to Deposit Account No. 50-1283.
